

BioBusiness Masterclass 2027

Build the venture behind your innovation

For life sciences founders ready to take their venture
to the next level

As your venture evolves, new challenges emerge. How do you navigate regulation, make sound financial decisions, enter the market, build a high-performing team and lead with confidence?

Over five modules, the **BioBusiness Masterclass** supports life sciences professionals to strengthen their strategic, commercial, financial and leadership capabilities needed to build successful, **mission-driven life sciences ventures**.

WHAT YOU'LL GAIN

Benefit from **40+ seasoned entrepreneurs, investors and industry experts**

Strengthen your **leadership, confidence, and self-awareness**

Challenge and strengthen your **venture strategy** through personal feedback

Grow alongside a **trusted peer group** facing similar challenges

Develop practical skills by **working on your own venture**

Build a lifelong **network** of ambitious founders and life science professionals

Great speakers, great interactions with and learnings from other participants.

The only program I have seen that has really built by and for entrepreneurs.

€25,000 VENTURE PRIZE

Awarded by an independent expert jury for the strongest business plan and final pitch. Sponsored by Myosotis Investments B.V.
